The downward-sloping yellow line is a demand curve, and the upward-sloping green line is a supply curve. Hopefully that seems familiar. I'm sorry for off-topic, I'm thinking about making an interesting internet site for college students. Will probably begin with submitting interesting facts just like "Bruce Lee was so fast that they actually had to s-l-o-w film down so you could see his moves." Please let me know if you know where I can find some related facts like here
